Hi David -

Attached is the PowerPoint and script for the OFA briefing tomorrow.

There were some changes to both the PP and script given the recent happenings related to the withdrawal and permit application. The track changes version of the script was getting messy, so the clean version is attached.

I am not sure if you will have a chance to look through this before the briefing. If you have edits, let us know and we can make those changes. Otherwise we will go with the version that is attached to this email.

Patty
